

The End of Nowhere

2023 Spaceboy

The Vineyard

The Heringer Vineyard in Clarksburg lies on the Sacramento River delta. Our Verdegjo comes from the heringer home vineyard, where the heringer family has been farming for five generations. It lies directly alongside the Sacramento river, giving us fantastic cool breezes even during hot california summers. The clusters here are large and juicy, soils are sandy and alluvial. We love working with the Heringer family, and love how this site, though within an hour of our Sierra Nevada home is a world away in terms of terroir making it fun

Tasting Note

Our Ramato, or light red, Pinot Gris is a beautiful clear crimson color in 2023. But don't let the light color fool you, because Spaceboy is a powerfully flavored wine that balances delicacy and structure with loads of red fruit and spice. Its aromas are led by cranberry, red currant, cherry, and plum that segue onto the palate where firm tannins and bright acidity collide with these fresh fruit flavors. At once playful and contemplative, this is a perfect match for spicy charcuterie, burgers, and slow-smoked anything.
